Neural Net Basics	2
Neural Net Modeling	2
Best Model Analysis	2

Data Extraction, Preparation, and Project Management

Data Extraction

- 1) Simulation Files
 - a) blah blah blah
- 2) Event Files
- 3) Demographics

Data Preparation

Merging

Project Management

Version Control

File Organization

Exploratory Analysis and Model Proposal

Exploratory Analysis

Model Proposal

•

Initial Modeling

Establishing a Baseline

Neural Net Basics

Neural Net Modeling

Best Model Analysis
